POLYMERS.

# VERIPRINT+

**A new era in gravure printing has arrived.** VERIPRINT+ uses advanced technology to replicate the intricate beauty of nature. Whether it's imitating the rich textures of wood grain, the intricate patterns of architectural stone, or the vibrant hues of mosaics, our process ensures every detail is flawlessly captured and repeated over tens of thousands of yards.

VERIPRINT+ is designed to decorate surfaces in these categories:

Home & Garden + Hospitality + Automotive + Furniture +  
Flooring + Commercial Architecture + Wall Covering + Ceiling

How Does VERIPRINT+  
Deliver the Highest  
Definition Print in the  
Industry?

- AI-assisted Registration & Color-Matching
- Cutting edge pre-print surface treatments
- Proprietary cylinder engraving process
- Track-free™ Industry-leading 4 Foot Repeat

Compatible with PET, PETg, Acrylic, BOPP, Polyester, & PVC films.
